

## Your options for Receiving Disclosure Documents for First National Home Equity Secured Mastercard® issued by Fairstone Bank of Canada

Fairstone Bank of Canada will continue to provide regulatory disclosure documents (for example, your monthly statements) associated with your First National Home Equity Secured Mastercard to both Co-Applicants, unless you both consent to receiving joint disclosure which means that the documents will be sent to one address.

To make a change, please select only one option below and include both Co-Applicant signatures.

- We each want to receive separate disclosure documents at the address for each co-applicant that appears in your records.
- We want to receive joint disclosure documents at the following address. We do not want to receive separate disclosure documents for each Co-Applicant.
